

Safety Data Card (SDC) – Key No. 02

Products with Alcohol, e.g. EdT, EdP, After Shave, Deo Roll-On

1. Product Description

Form: liquid
Odor: perfumed
Ingredients: see on package or booklet

Product contains alcohol (ethanol).

2. Hazard Identification

Highly flammable liquid. Flash point (Fp.) < 23°C.

3. Precautions in Handling & Use**Industrial storage**

Keep container tightly closed in a cool, well-ventilated place. Keep away from sources of ignition and heat.

Handling

No smoking. Avoid naked flames or other potential sources of ignition (e.g. electrical equipment). Maintain adequate ventilation in working areas. Take measures to prevent electrostatic charging.

Accidental release

Liquid leak generates highly flammable vapors. Eliminate all ignition sources (no smoking, flares, sparks or flame in immediate area). Good industrial practice is to protect eyes and skin when dealing with spillage. Avoid release to the environment. Prevent liquid from entering surface water or groundwater. Take up with inert liquid-absorbent material. Dispose of in compliance with all applicable waste disposal regulations.

Use

Keep out of reach of children. Do not spray on a naked flame or any incandescent material. Do not use near a naked flame or any incandescent material. No smoking. Avoid spraying towards the eyes. Avoid contact with the eyes. Do not use for any purpose other than for which the product is intended. Observe any directions and warnings on packaging.

4. Fire Fighting Measures

Suitable extinguishing media

Carbon dioxide (CO₂), foam, powder

Special risks

Highly flammable liquid. Combustible. Forms explosive mixtures with air at ambient temperature. Development of hazardous combustion gases or vapors possible in the event of fire.

Special protective equipment for fire fighting

Do not breathe fire gases. Wear self-contained breathing apparatus and suitable protective clothing.

Cool undamaged stock with spray water from a safe distance.

Prevent any liquids from entering surface water or groundwater.

5. First Aid Measures

After eye contact

Rinse thoroughly with plenty of water immediately. If irritation persists, consult ophthalmologist as a precautionary measure.

After involuntary skin contact

Wash with water and soap. Rinse thoroughly with water.

After ingestion

Remove material from mouth. Do not induce vomiting. Seek medical advice.

After excessive inhalation

Supply fresh air. Seek medical advice.

In case of doubt, if symptoms persist, contact a physician.

6. Transport

Road transport (ADR)

UN 1266 PERFUMERY PRODUCTS, Class 3, PG II

Sea transport (IMDG-Code)

UN 1266 PERFUMERY PRODUCTS, Class 3, PG II

Flash point (Fp.): 13°C.

Air transport (IATA-DGR)

ID 8000, Consumer commodity, Class 9

The information and recommendations contained herein are based on the present state of our knowledge and are given in good faith. It characterizes the product with regard to the appropriate safety precautions. However, this shall not constitute a guarantee for any specific product feature and shall not establish a legally valid relationship. All existing/ applicable regulations are to be observed by our customers at their own responsibility. This product should be stored and handled in conformance with any local regulations. Attention is drawn to hazards resulting from improper use of the product.
